Dear Mr. Dunn:

Thank you for coming to my son's 5 year birthday party. I just wanted you to know that I got a lot of compliments after you left. Some adults asked me where I 'found you', and complimented your performance. The children were very much engaged, and the focus was all on you. And that helped me to prepare for other things.

I also wanted to thank you for looking 'fit' like a magician. Your attire was clean and pressed. You were energetic, presentable when you arrived, and 'happy' when performing, (and that was something I was worried about because I have seen some 'outdated' magicians at parties).

I also appreciate you being so reliable. I called you the week before, and during some 'snow' travel, and you made it.

Thank you again. I would recommend you in a heartbeat to anyone.

Sincerely,

Suzy K.
